Dear [REDACTED]

As I expect you know, we are engaged in a study of the civil defense shelter program. This task will be with us for some time.

We would find it very helpful in coming to grips with this problem to have available whatever material you can provide on civil defense programs in the USSR and in Communist China, with special emphasis on doctrine on shelters. Perhaps this might best take the form of a SNIE. For planning purposes, it would be most useful to us if we could have the product by late April.

Could you let me know what you can do on this one?

Sincerely,

  
G. A. Lincoln  
Director
